Caroline Summerfest August 15 & 16 Cruising Back To The 50's

It will be more than poodle-skirts, slicked hair and saddle shoes, as Caroline Summerfest goes back in time for the annual end of summer celebration on the streets of Downtown Denton.

Caroline Summerfest is a free family entertainment festival featuring three stages of regional and local entertainment, a Friday pedestrian parade, Saturday fireworks show, strolling performers, free KidzArt activities and food and gaming vendors featuring local non-profits.

Hours are Friday from 5 to 10 p.m. and ending on Saturday - from 12 noon to a 9 p.m. start for fireworks. **Free parking and shuttle bus transportation** available from the Health and Public Services Building off 6th Street (across from Fire Hall) on both days.

Rain date for Saturday only is Sunday, August 17nd.

GREASE! Saturday August 9 at Bullocks Deli:

Get into the Summerfest 50's theme at Bullocks Deli for the free showing of the classic musical with Olivia Newton-John and John

Travolta. Movie starts at dusk (generally 8:15) but the free ice cream nickels are available all night for our movie patrons.

Bring a lawn chair and your own bowl or brown bag for the free popcorn.

Outdoor movie license and production coordinated by Caroline County Recreation and Parks

OH BOY!, The Cruisers and the U.S. Navy Commodores Band Among the Stage Performance Highlights:

The '50s inspired a musical journey that changes the face of music for decades. Some of that history will come alive on the Summerfest stages. OH BOY! A Tribute to Buddy Holly recreates note for note versions of the music of Buddy Holly and the Crickets. The Delaware-based Cruisers are a favorite of Denton's own Town Manager, Don Mulrine. He'll be leading the audience in the dance moves Ricky Nelson, Johnny Cash and even Elvis made famous on Saturday night!

Water Bills to be mailed July 1, 2014
PAY WATER BILLS ON TIME
TO AVOID SERVICE DISCONNECTION & EXTRA FEES

Utility Bills will be mailed around July 1, 2014 and are due to be paid by July 25, 2014. Interest at the rate of 1% is added on July 25, 2014.

Past due notices (red cards) will be mailed on July 25, 2014 for any account that has an overdue balance; this is the FINAL REMINDER prior to having the water service shut off.

Payments can be made during **summer office hours, Monday through Thursday, 7:30a.m. to 5:00p.m.**, or after hours by placing the payment in an envelope in the night deposit box located to the right of the front door on the outside of the Town Office building.

Water turned off for non-payment will be assessed a service charge in order to have the water turned back on. The water turn-on service charge is \$50.00 if turned back on before 3:30p.m., and \$100.00 for after hours, this fee is subject to change.

It is the property owner's responsibility to ensure that payments are made in a timely manner.

Landlords and property managers who have arrangements for the tenants to pay the bills, please be sure to forward the bills to the tenants immediately upon receiving them to ensure prompt payment and to avoid shut off issues. In the past several tenants have stated that they do not receive the bill until the day it is due or when late notices have been sent.

Failure to receive the bill does not relieve the responsibility of the payment that is due. If a citizen is unable to make their payment by the due date, please contact the Finance Department at 410-479-2050 prior to July 25, 2014.

Water service will be shut off for non-payment.

Special Collection Reminder

Household Items: All special collection items to be picked up on Wednesdays must be called in by 12 noon on Tuesday. Effective January 1, 2003, there is a \$5.00 collection fee for each item to be collected. This fee must be paid prior to pickup date.

Yard Waste: All bagged leaf and brush pickup requests must be called in by 12 noon on Tuesday for Wednesday pickup.

Call all requests in to the Town Office at
 410-479-2050.
 Leave a message after normal business hours.

Swimming Pool Safety Tips

Summer is here and more people will be enjoying their swimming pools. Here are a few safety tips from the Denton Police Department to help ensure your time at the pools is as safe as possible:

1. Always keep lifesaving equipment by your pools and know how to use it.
2. Enclose your pool completely with a fence that has a self-locking gate.
3. Move furniture or large objects away from the fence to prevent a child from climbing over it to get to the pool area.
4. Never leave a young child unattended around the water.
5. Learn CPR in case there

is an emergency and you need to assist until help arrives.

6. Learn to swim and make sure your children learn to swim by enrolling them in swimming lessons.
7. Never swim alone.
8. Enforce water safety rules: no running, pushing, or dunking.
9. Take all toys out of the pool when not in use so children will not be tempted to go in after them.
10. Never falsely claim to need help in the water.

If there is ever a pool emergency, call 911.

Stay safe and have a great summer.

Bicycle Safety Tips

Now that school is out for summer, kids will be out in their yards playing and on bicycles. In order to keep them safe on their bikes, here are a few tips when they are riding.

Make sure they wear a helmet at all times, that it fits properly and

they know how to put it on.

Model and teach proper bike behavior. Ride on the right side of the road with traffic, not against it. Stay as far to the right as possible. Use appropriate hand signals and respect traffic signals, stopping at all stop signs and stop lights.

Property Checks for Citizens on Vacation

Going on Vacation? The Denton Police Department can conduct premise checks on your residence while you are away. Call 410-479-1414 or stop by the Police Dept. for more information.

Prevent Distracted Driving

Distracted driving is a leading cause of many auto accidents, some even fatal. To avoid these accidents the police department recommends you follow these simple steps:

1. Don't use your cell phone to talk or text while driving, not only is it distracting, but it is against the law.
2. Do not eat while driving,
3. Don't apply makeup while driving.
4. Children in the car can be

very distracting, please pull to the side of the road out of harms way when addressing them or teach them the importance of a quiet, safe car ride.

5. Keep both hands on the wheel. Stay focused, pay attention to the road, and expect the unexpected.

With these simple steps and seatbelt use, you can increase your safety on the roads.

YOU MAY QUALIFY FOR A FINANCIAL HARDSHIP EXEMPTION FROM PAYING
THE STATE OF MARYLAND'S BAY RESTORATION FEE (BRF)**

Bay Restoration Fund Facts

In 2004 the State of Maryland took a major step to protect our waterways through the enactment of the Bay Restoration Fund (Senate Bill-320). The purpose of the bill was to create a dedicated fund to improve the environment and water quality of the Chesapeake Bay. Through an environmental surcharge fee, this fund is used to upgrade wastewater treatment plants, upgrade septic systems in the critical area, and implement cover crops on agricultural land. Approximate annual fee to the user \$30.00. SB320 also required all Municipalities to bill all properties through their Utility Billing and transmit the funds to the State.

During the 2012 State of Maryland Legislative Session came the adoption of Senate Bill 240, doubling the BRF. Effective July 1, 2012, the BRF was doubled for all property owners. For most the fee is now \$60.00 a year. The Town of Denton began billing the new fees on the Utility Bills issued on Oct. 1, 2012, (for the July 1, 2012 –Sept. 30, 2012 billing cycle).

Single Family Residential Home Owners - saw a quarterly increase from \$7.50 per quarter to \$15.00 per quarter; annual increase from \$30.00 to \$60.00.

Non-Residential/Commercial Owners – the BRF is based on the number of EDU's and the total average daily water consumption. Minimum BRF will be \$15.00 per quarter/\$60.00 for a year.

BRF Exemption Plan – In 2012 House Bill #446 was adopted implementing the requirement for Municipalities to establish a BRF Exemption Plan.

As a result, on February 7, 2013, The Denton Town Council adopted Resolution #778, establishing a BRF Exemption Plan and Application. If you own property within the Denton Town limits and it is your primary place of residence, visit www.dentonmaryland.com to read more about the BRF Exemption Plan to see if you qualify for an exemption from paying the State of Maryland's Bay Restoration Fee. If you do not have access to a computer and would like to obtain a copy of the plan please stop by the Denton Town Office at 13 N. Third St. to pick up a copy or call 410-479-2050 to request to have a copy mailed to you.

Are Mosquitoes Eating You?

Mosquitoes can be found in many parts of the world with about 170 different kinds living in North America alone. Only the north and south poles and desert regions are mosquito free.

These pests are part of the same family as houseflies and fruit flies because they all have two clear, veined wings. They are thought of as a summer pest, developing from an egg to adult in 10 to 14 days. Mosquitoes have a very short life span, living only about 14 days or less. However, in that time, the female may lay her eggs 4 or 5 times, laying dozens to hundreds each time.

Mosquitoes breed in soft, moist soil or stagnant water sources such as storm drains, old tires, children's wading pools, and birdbaths. They live in warm, damp parts of forests, grasslands, swamps, and mountains. They lay their eggs in water, hatching in a few days. The larvae look like very small worms and are often eaten by fish. Eventually they become pupae and the adult body is formed.

Mosquitoes are best known for their bug "bites" which are not really bites at all. Only female mosquitoes drink the blood of humans and other animals to provide nutrients for her eggs. She uses her proboscis, a long and sharp body part to pierce the skin and suck out blood. Mosquitoes also drink the nectar from flowers and other plants. Male mosquitoes feed exclusively on this.

Even in complete darkness, a mosquito is able to detect body heat and carbon dioxide, the gas that we breathe out. Mosquitoes bite some people and leave other people alone. Scientists believe this might have to do with one's body chemistry as mosquitoes are attracted by sweat, body heat, perspiration, perfume, and scented soaps.

Some mosquito species help spread diseases that can be very harmful, such as West Nile virus, malaria, and yellow fever. They do this by biting an infected person, then transmit the disease to a non-infected person when they bite them.

What can you do to help prevent mosquito bites?

- Empty all containers that hold water, such as bird baths, old tires, flower pots, wading pools, etc.
- Remove trash from around any standing water.
- When sleeping outdoors or in areas where mosquito populations are heavy, surround your bed with "mosquito" netting.
- Screen windows, doors, and other openings with fine mesh.
- Avoid going outdoors at night.
- Use insect repellent containing DEET on exposed skin anytime you are around mosquitoes. DEET does not kill the mosquitoes, it just disorients them and they look elsewhere for food.

Outdoor Water Conservation

Is your water bill too high in the warmer months? Residential irrigation can account for 40% of domestic water consumption in a municipality. This can become a problem especially during the summer months when the majority of outdoor water use occurs. It can also be the time when there is likely to be a water shortage.

Tips to follow to conserve:

- Don't over-water your lawn. Most lawns need only an inch of water a week.
- Watering lawns in the early morning hours when the temperature and wind speed are the lowest reduces losses from evaporation.
- Position your sprinklers so that your water lands on the lawn and shrubs and not on the street, driveway, or sidewalk.
- Do not leave sprinklers unattended. Regularly check the systems to make sure they are operating properly. Turn them off when storms are approaching.
- Raising your mower blade to at least three inches encourages grass roots to grow deeper, shades the root system, and holds soil moisture better than closely clipped lawns.
- Mulching helps retain moisture in the soil and helps to control weeds that compete with desirable plants for moisture.
- Repair dripping faucets. Regularly check hoses, connectors, and spigots for leaks.
- Create an awareness of the need for water conservation among children.

Avoid purchasing recreational water toys that require a constant stream of water.

- Install a rain barrel to collect rooftop runoff to be used for activities such as lawn and garden watering, car washing, and even window cleaning.

Collecting rainwater from your rooftop during storms by using a rain barrel can not only lower your water bills, but can also decrease water demand during the hot summer months. One inch of rain on a 1,000 square foot roof yields 623 gallons of water. This rooftop runoff provides an ample supply of "soft water" containing no chlorine or other chemicals. It is beneficial to the environment because the stored water would otherwise run off into the storm sewers, bringing pollutants such as oil and grease from the roads and nutrients with it. Once water gets into a storm sewer, it eventually ends up in our streams and rivers. The more rainwater that is reused, the less need there is for chlorinated or chemically treated tap water.

Rainwater diversion also decreases the burden on water treatment facilities and municipal drainage systems during storms. The storage of rain water is also recommended for general emergency preparedness or for areas prone to drought.

For information on purchasing or making your own rain barrels, log onto www.composters.com or www.greatamericanrainbarrel.com.

Ticks and Lyme Disease

Maryland has one of the highest rates of Lyme disease in the United States. Lyme disease, caused by the bite of an infected black-legged tick, was named because the first reported case in the United States was in the town of Old Lyme, Connecticut. Most parts of the United States have reported cases with the most occurring in the Northeast, upper Midwest, and along the Pacific coast. Lyme disease is usually seen during the late spring, summer, and early fall when participation in outside activities such as gardening, hiking, hunting, and walking is high.

Most people bitten by a tick do not get Lyme disease. The tick must be attached to the skin for at least 24 hours for transmission to occur. However, everyone who has been bitten by a tick should be closely monitored for at least 30 days for symptoms resembling the flu including chills, fever, headache, lethargy, and muscle pain. There may be a "bull's eye" rash, a flat or slightly raised red spot at the site of the tick bite often with a clear center area.

The risk of a tick bite when walking or hiking in wooded or grassy areas can be reduced by following these tips:

- Cover as much of your body as possible when working or playing in grassy or wooded areas. Wear a hat, light-colored long pants with the legs tucked into your socks, long sleeves, and long socks to help keep ticks off your skin and to more easily locate them if they do crawl onto you.
- Insect repellent containing 20-50% DEET sprayed on all exposed skin and your clothing is recommended for use on adults to prevent tick bites. Repellents with up to 30% DEET can safely be used on children over 2 months of age.
- Treat clothes with permethrin, but do not use

permethrin directly on the skin.

- Try to avoid wooded or brushy area with tall grass and leaf litter.
- Take steps to control ticks on your property if you live in an area where Lyme disease is prevalent. Clearing leaves, brush, tall grasses, woodpiles, and stone fences from around your house and the edges of your yard or garden may help reduce the tick populations and the rodent population on which the ticks depend.

- Perform daily tick checks after being outdoors, even in your own yard. Inspect all parts of your body including armpits and scalp. Remove ticks immediately using fine-tipped tweezers. Comb your hair with a fine-tooth comb. Don't forget

to check for ticks on any gear that you had with you in the woods.

- If you think you may have ticks on your clothes, you can tumble them in a dryer or hang them out in the sun. The heat will dry out any ticks and kill them.
- If a tick is attached to your skin for less than 24 hours, your chance of getting Lyme disease is extremely small. But just to be safe, monitor your health closely after a tick bite and be alert for any signs and symptoms of tick-borne illness.

To safely remove a tick, use fine-tipped tweezers and protect your hands with a tissue or gloves. Grab the tick close to the skin, pulling straight up until all parts of the tick are removed. Do not twist or jerk. Wash the tick bite with soap and warm water or an antiseptic. Wash your hands with soap and water or use an alcohol-based gel. DO NOT use petroleum jelly, a hot match, nail polish, or any other products to remove ticks.

Stay a While!

Find information on all the best places to see and things to do while you're in Caroline County. Visit www.tourcaroline.com to explore local lodging, dining, shopping and recreation options. Denton is also conveniently located near these popular tourist destinations:

Easton (15 miles), St. Michaels (26 miles), Kent Island (30 miles), and more!

The Fiber Arts Center of the Eastern Shore is located in the historic Hardee House at 7 N. Fourth Street. This regional fiber arts center includes quilt and other fiber art-related exhibits, retail, studio, and instruction space.

Within Denton's designated Historic, Main Street, and Arts & Entertainment districts, the center is a destination for quilt and fiber art enthusiasts, Eastern Shore visitors, and area residents to view historic and recent works by local quilters and fiber artists.

As a regional fiber arts resource, the role of this center is to be a unique place to visit, shop, learn, and find inspiration.

Annual Block Party a Hit

The Annual Community Arts Block Party held Saturday June 7, 2014 was a great event. This annual fundraising event for the Caroline County Council of Arts was well attended and included, live music, ice cream, food, wine, beer, family and children's activities, face painting, and more.

Thank you to the volunteers, community, and coordinators for putting on such a great event.

Look for information about next year's Block Party and other Artsway events at www.carolineart.org.

JEFF WASHINGTON

ASHLEY MITCHELL BAND TRIO

RADIO EDIT

MIKE HINES AND THE LOOK

THE CRUISERS

US NAVY COMMODORES BAND

Attachments returns to Caroline Summerfest as a Main Stage performer on Friday. Other returning favorites include Mike Hines and the Look, Ashley Mitchell Band trio, Apex Revolution and bluegrass with Flatland Drive.

But there will be new performers on the scene as well. Emerging regional talent includes Easton-based Radio Edit and talent showcases through Mike Elzey's Guitar Studio and vocal talent from LMS and NCHS coordinated by Randall (Butler) Wright.

Summerfest is also excited to welcome back some old musical friends. Roger McNight's 7-member band "A Breath of Fresh Air" will amaze you with a range of smooth jazz and innovative raps by guest artist Devon Beck. And Jeff Washington brings new life to modern guitar riffs in funk, blues, and jazz.

Fireworks will be ushered in with the classic jazz music of the U. S. Navy Commodores bringing to life the '50s innovations of Miles Davis, John Coltrane and Thelonious Monk.

The complete stage performance schedule will be posted on the festival website by July 15.

For the Best Event Parking Spaces:

Consider being a part of the

annual Caroline Summerfest Car Show and Cruize-In on Friday and Saturday evening. Sponsored by the R&M Performance, the Friday evening Cruize-In and Saturday judged Car Show puts you right in the heart of the downtown festival with perfect seats for people watching.

Thanks to the expert organization of the Caroline Cruisers under the direction of Jan McMichael, automobile enthusiasts can display their cars for the two-day event for \$16 if pre-registered. Dash plaques awarded for the first 50 registrants and over 15 choice awards are presented.

Registration forms are posted on www.carolinesummerfest.com under the "How to Get Involved" tab or contact festival headquarters at Caroline County Recreation and Parks at 410-479-8120.

Fabulous '50s Pedestrian Parade: Friday Night \$100 Cash Prize!

A little parade makes any downtown festival a bit more of a party. This one is not different in atmosphere but there is one thing it does not include: CARS!! It is pedestrian – that means you walk. Yes, there are a few golf carts for VIP's (as determined by the festival producers), but if you want to dress up in your 1950's vintage finery and

be judged for a prize, plan to walk.

Floats are welcome, but be prepared to pull them with human power. We often recommend the Radio Flyer red wagon—likely a toy invented in the '50s - as a platform for float inventions.

Cost is a reasonable \$2 for individual entries and \$5 for a group. Prices increase slightly the day of the event. Parade steps off at 7:00 p.m. sharp and registration closes at 6:30 p.m.

NCHS Band of Blue and the Colonel Richardson Band will be on site, along with stilt walker and balloonist Paul Belanger, crowned princesses, local dignitaries and this year, plenty of famous people running for Governor.

See the flyer attached and register early!!

Choptank "Rivah" Run set Saturday, August 16:

Sponsored by Easton Cycle and Sport The Choptank "Rivah Run" can be the perfect pre-festival Saturday event to combine fitness and fun. On-site registration and check-in begins at 9 a.m. at Martinak State Park located on Sharp Road in Denton. The typical 100+ participants paddle the two mile course at their own pace from the state park to the Choptank River Yacht Club.

The "race" is a poker run.

Each paddler stops at a series of checkpoints staffed by the Coast Guard Auxiliary #34 and the Choptank River Yacht Club flotilla. They receive a playing card and at the finish, the best five card poker hand wins the top prize – a Vapor 10 Kayak. Local businesses have also contributed many other prizes for distribution to other winning poker hands.

Registration is recommended in advance, but will also be accepted on Friday, August 15 at the Caroline Summerfest event located in downtown Denton around the Caroline County Courthouse green and on-site the day of the event. Registration fees the day of the event does increase to \$15 per person. Pre-registration is \$10 per person and includes a t-shirt for those registered by July 30. A limited supply of canoes is available for rent and should be reserved prior to the day of the event.

For information, contact Caroline County Recreation and Parks at (410) 479-8120 or visit the website to download the registration flyer at www.carolinesummerfest.com or www.carolinerecreation.org. (Also, "like" the Summerfest Facebook page for up to the minute information.)

Attention Settlement Attorneys

Reminder to all settlement attorneys and agencies to please contact the Denton Town Office for fees due to the Town when handling settlements for properties being sold or transferred within the Town limits. There may be water/sewer fees or miscellaneous charges that need to be collected at the time of settlement. This will keep the Town's records up to date and better serve the residents of the Town of Denton. This will also eliminate problems after settlement of any outstanding balances for the new property owner.

Please note: Any property that transfers ownership and the utility fees are not collected at settlement and forwarded to the town that result in the water being turned off for non-payment, the water turn on fee will still be charged. This charged may be passed on to the settlement attorney. Currently the fee to turn water service back on during regular business hours is \$50.00 and after 3:30p.m., the fee is \$100.00. Forms are available to use when requesting information. Any questions, please call the Town of Denton at (410) 479-2050.

Service Fees for Utility Calls

All calls for utility service for properties located in the Town of Denton are assessed the following service fee. This fee applies for all water shut off/turn ons, and other miscellaneous calls for service. Paying utility bills on time can help the property owner avoid these fees.

Special Attention: Any water that is turned off will be assessed this fee to have the water turned back on. Tenants will need to pay this fee before water service is turned back on. (This may not apply for emergency situations pending the nature of the call.)

\$50.00 fee during normal business hours.

\$100.00 fee after normal business hours.

IT IS UNLAWFUL TO TAMPER WITH THE TOWN OF DENTON UTILITIES. DOING SO CARRIES UP TO A \$1,000 FINE AND POSSIBLE ARREST. PLEASE CONTACT THE DENTON PUBLIC WORKS DEPT. AT 410-479-2050 IF YOU
