Bay Restoration Fee

In 2004 the State of Maryland took a major step to protect our waterways through the enactment of the Bay Restoration Fund (Senate Bill-320). The purpose of the bill was to create a dedicated fund to improve the environment and water quality of the Chesapeake Bay. Through an environmental surcharge fee, this fund is used to upgrade wastewater treatment plants, upgrade septic systems in the critical area, and implement cover crops on agricultural land. Approximate annual fee to the user is \$30.00. SB320 also required all Municipalities to bill all properties through their Utility Billing and

transmit the funds to the State.

During the 2012 State of Maryland Legislative Session came the adoption of Senate Bill 240, doubling the BRF. Effective July 1, 2012, the BRF was doubled for all property owners. For most the fee is now \$60.00 a year. The Town of Denton began billing the new fees on the Utility Bills issued on Oct. 1, 2012, (for the July 1, 2012 –Sept. 30, 2012 billing cycle).

Single Family Residential Home Owners - saw a quarterly increase from \$7.50 per quarter to \$15.00 per quarter; annual increase from \$30.00 to \$60.00.

Non-Residential/Commercial

Owners – the BRF is based on the number of EDU's and the total average daily water consumption. Minimum BRF will be \$15.00 per quarter/\$60.00 for a year.

BRF Exemption Plan - Most recently with the implementation of House Bill #446, another bill was adopted during the 2012 legislative session in which Municipalities are now required to establish a BRF Exemption Plan.

As a result, on February 7, 2013, The Denton Town Council took action and adopted Resolution #778, establishing a BRF Exemption Plan and Application. If you own property within the

Denton Town limits and it is your primary place of residence, visit www.dentonmaryland.com to read more about the BRF Exemption Plan to see if you qualify for an exemption from paying the State of Maryland's Bay Restoration Fee. If you do not have access to a computer and would like to obtain a copy of the plan please stop by the Denton Town Office at 13 N. Third St. to pick up a copy or call 410-479-2050 to request to have a copy mailed to you.

For additional information about the State of Maryland Bay Restoration Fund visit the Maryland Department of the Environment website at: www.mde.state.md.us.

PAY WATER BILLS ON TIME

TO AVOID SERVICE DISCONNECTION & EXTRA FEES

Utility Bills will be mailed around July 1, 2013 and are due to be paid by July 25, 2013. Interest at the rate of 1% is added on July 25, 2013.

Past due notices (red cards) will be mailed on July 25, 2013 for any account that has an overdue balance; this is the FINAL REMINDER prior to having the water service shut off.

Payments can be made during **summer office hours, Monday through Thursday, 7:30a.m. to 5:00p.m.**, or after hours by placing the payment in an envelope in the night deposit box located to the right of the front door on the outside of the Town Office building.

Water turned off for non-payment will be assessed a service charge in order to have the water turned back on. The water turn-on service charge is \$50.00 if turned back on before 3:30p.m., and \$100.00 for after hours, this fee is subject to change.

It is the property owner's responsibility to ensure that payments are made in a timely manner.

Landlords and property managers who have arrangements for the tenants to pay the bills, please be sure to forward the bills to the tenants immediately upon receiving them to ensure prompt payment and to avoid shut off issues. In the past several tenants have stated that they do not receive the bill until the day it is due or when late notices have been sent.

Failure to receive the bill does not relieve the responsibility of the payment that is due. If a citizen is unable to make their payment by the due date, please contact the Finance Department at 410-479-2050 prior to July 25, 2013.

Water service will be shut off for non-payment.

New AED Units

Denton Police Department has received four new Automated External Defibrillator's (AED's) through a community initiative grant with The Caroline Human Services Council.

An AED is a portable electronic device that can diagnose potentially life threatening cardiac arrest and treat through defibrillation. Using electrical therapy an AED allows the heart to reestablish an effective rhythm. The Caroline Human Services Council approved DPD's request to purchase the new AED's to replace the twelve year old model in service. Along with the Automated External Defibrillator's, DPD was also granted quick response carrying

cases, backpacks, and a supply of adult and child electrodes. DPD was also able to install an AED wall mount within the department to assist where needed.

The Denton Police Department works in conjunction with the local Volunteer Fire Department to respond to AED calls throughout Caroline County. With the recently received AED's, each patrol squad will be assigned to carry an AED at each shift to ensure even faster response times. With the help of The Caroline Human Services Council, the Denton Police Department has been granted the tools to ensure the safety of Denton and Caroline County citizens.

Cram the Cruiser Food Drive

Fighting Hunger in Denton

In an effort to provide year round support to Denton church food banks, the Denton Police Department has started a program called "Cram the Cruiser".

Drop off non-perishable food donations at the Denton Police Dept. lobby Monday - Friday 8a.m.-4p.m. or at locations throughout downtown Denton. Their goal is to fill up church food pantries throughout the year during the months of April, July, October, as well as the Holidays.

If you have a location you would like to see a "Cram the Cruiser" box or event, please contact Patti at the Denton Police Dept. at 410-479-1414. Help us make it a monthly routine to contribute food to help out our fellow residents in need.

Notice - New Home Construction

The Maryland Home Builder Registration Act (the "Act") applies to all new home construction and new home sales contracts. It requires persons or entities who build new homes or enter into contracts to sell new homes to register with the Home Builder Registration Unit of the Consumer Protection Division of the Office of the Attorney General. In 2008, the General Assembly created a Home Builder Guaranty Fund to protect consumers who enter into new home contracts with registered builders.

The Act further provides that a permit for home building may not be issued unless the permit includes the home builder registration number of the registered builder. The requirement as set forth in Business Regulation § 4.5-601(a-c) of the Annotated Code of Maryland is as follows:

§4.5-601. Permits

- (a) In general. - Except for a building permit for construction to be performed directly by a landowner solely for the landowner's own use, the building and permits department of a county may not issue a permit for home building unless the permit includes the home builder registration number of a registrant.
- (b) Landowner signature required. - Before issuing a permit for home building to a landowner, the building and permits department of a county shall obtain the signature of the landowner affirming that the permit is being issued solely for the purpose of the landowner performing work on the landowner's own property.
- (c) Scope of the subtitle. - Nothing in this section shall be construed to relieve a registrant from the obligation to obtain all other permits, licenses, and other authorizations for construction of a new home.

Please note that a landowner who affirms that the landowner will be constructing his or her own home will not be eligible for relief from the Home Builder Guaranty Fund if there are problems with construction of the home.

Ticks and Lyme Disease

Maryland has one of the highest rates of Lyme disease in the United States. Lyme disease, caused by the bite of an infected black-legged tick, was named because the first reported case in the United States was in the town of Old Lyme, Connecticut. Most parts of the United States have reported cases with the most occurring in the Northeast, upper Midwest, and along the Pacific coast. Lyme disease is usually seen during the late spring, summer, and early fall when participation in outside activities such as gardening, hiking, hunting, and walking is high.

Most people bitten by a tick do not get Lyme disease. The tick must be attached to the skin for at least 24 hours for transmission to occur. However,

everyone who has been bitten by a tick should be closely monitored for at least 30 days for symptoms resembling the flu including chills, fever, headache, lethargy, and muscle pain. There may be a "bull's eye" rash, a flat or slightly raised red spot at the site of the tick bite often with a clear center area.

The risk of a tick bite when walking or hiking in wooded or grassy areas can be reduced by following these tips:

- Cover as much of your body as possible when working or playing in grassy or wooded areas. Wear a hat, light-colored long pants with the legs tucked into your socks, long sleeves, and long socks to help keep ticks off your skin and to more easily locate them if they do crawl onto you.

- Insect repellent containing 20-50% DEET sprayed on all exposed skin and your clothing is recommended for use on adults to prevent tick bites. Repellents with up to 30% DEET can safely be used on children over 2 months of age.

- Treat clothes with permethrin, but do not use

permethrin directly on the skin.

- Try to avoid wooded or brushy area with tall grass and leaf litter.

- Take steps to control ticks on your property if you live in an area where Lyme disease is prevalent. Clearing leaves, brush, tall grasses, woodpiles, and stone fences from around your house and the edges of your yard or garden may help reduce the tick populations and the rodent population on which the ticks depend.

- Perform daily tick checks after being outdoors, even in your own yard. Inspect all parts of your body including armpits and scalp. Remove ticks immediately using fine-tipped tweezers. Comb your hair with a fine-tooth comb. Don't forget to check for ticks on any gear that you had with you in the woods.

- If you think you may have ticks on your clothes, you can tumble them in a dryer or hang them out in the sun. The heat will dry out any ticks and kill them.

- If a tick is attached to your skin for less than 24 hours, your chance of getting Lyme disease is extremely small. But just to be safe, monitor your health closely after a tick bite and be alert for any signs and symptoms of tick-borne illness.

To safely remove a tick, use fine-tipped tweezers and protect your hands with a tissue or gloves. Grab the tick close to the skin, pulling straight up until all parts of the tick are removed. Do not twist or jerk. Wash the tick bite with soap and warm water or an antiseptic. Wash your hands with soap and water or use an alcohol-based gel. DO NOT use petroleum jelly, a hot match, nail polish, or any other products to remove ticks.

Are Mosquitoes Eating You?

Mosquitoes can be found in many parts of the world with about 170 different kinds living in North America alone. Only the north and south poles and desert regions are mosquito free.

These pests are part of the same family as houseflies and fruit flies because they all have two clear, veined wings. They are thought of as a summer pest, developing from an egg to adult in 10 to 14 days. Mosquitoes have a very short life span, living only about 14 days or less. However, in that time, the female may lay her eggs 4 or 5 times, laying dozens to hundreds each time.

Mosquitoes breed in soft, moist soil or stagnant water sources such as storm drains, old tires, children's wading pools, and birdbaths. They live in warm, damp parts of forests, grasslands, swamps, and mountains. They lay their eggs in water, hatching in a few days. The larvae look like very small worms and are often eaten by fish. Eventually they become pupae and the adult body is formed.

Mosquitoes are best known for their bug "bites" which are not really bites at all. Only female mosquitoes drink the blood of humans and other animals to provide nutrients for her eggs. She uses her proboscis, a long and sharp body part to pierce the skin and suck out blood. Mosquitoes also drink the nectar from flowers and other plants. Male mosquitoes feed exclusively on this.

Even in complete darkness, a mosquito is able to detect body heat and carbon dioxide, the gas that we breathe out. Mosquitoes bite some people and leave other people alone. Scientists believe this might have to do with one's body chemistry as mosquitoes are attracted by sweat, body heat, perspiration, perfume, and scented soaps.

Some mosquito species help spread diseases that can be very harmful, such as West Nile virus, malaria, and yellow fever. They do this by biting an infected person, then transmit the disease to a non-infected person when they bite them.

What can you do to help prevent mosquito bites?

- Empty all containers that hold water, such as bird baths, old tires, flower pots, wading pools, etc.

- Remove trash from around any standing water.

- When sleeping outdoors or in areas where mosquito populations are heavy, surround your bed with "mosquito" netting.

- Screen windows, doors, and other openings with fine mesh.

- Avoid going outdoors at night.

- Use insect repellent containing DEET on exposed skin anytime you are around mosquitoes. DEET does not kill the mosquitoes, it just disorients them and they look elsewhere for food.

Garden Talks Return July 26th

Pack your lunch and head to the Denton Community Demonstration Garden on the 4th Friday of every month from 12:30 p.m. – 1:00 p.m. for an enjoyable series of lunch-hour garden talks and demonstrations. The first “Garden Talk” of the season will kick off on Friday, July 26 with an overview of the development of Denton’s community garden, a public space that showcases edible plantings, sustainable agricultural techniques, and garden ecology.

Tables will be set up so that guests will be able to enjoy the garden talks and demonstrations during their lunch break. Monthly discussion topics will range from gardening techniques to culinary creations inspired by the garden. The fourth Friday dates are July 26, August 23, September 27, and October 25.

The Denton Community Demonstration Garden is located by the municipal parking lot at 4th and

Gay Streets in downtown Denton. The initial plantings involve Square Foot Gardening, a technique that allows gardeners to cultivate small but intensively planted gardens. The garden also provides a venue for social and cultural exchanges through learning about food security, nutrition, and cooking.

Individuals, school groups, clubs or organizations that are interested in participating in the seasonal planting, maintenance, harvesting, food distribution or marketing are encouraged to come out and plant on the second Saturday of the month from 9:00 a.m. – 11:00 a.m. For those looking to make a donation, there is also a wish list of gardening items online at www.dentoncommunitygarden.com.

For more information on the garden, please call 410-479-1009 or email denoncommunitygarden@gmail.com.

2nd Annual Fiber Fest August 1-3

Photo: Spinning demonstration by Gryphon.

The Fiber Arts Center of the Eastern Shore (FACES), will be hosting a three-day celebration of the fiber arts featuring exhibits, workshops, classes, guest speakers, demonstrations, quilt documentations, and special Underground Railroad themed programs in celebration of the grand opening of the Harriet Tubman Underground Railroad Byway. This FiberFest event takes place August 1st through 3rd in Downtown Denton. Visit www.fiberartscenter.com for details and registration information.

The event kicks off on Thursday, August 1, with the Heartland Quilters of the Eastern Shore's 5th annual One Stop Shop Hop at the Denton Firehouse from 2:00 pm to 8:00 pm. This event will feature fiber arts

vendors including quilt, antique quilt, fabric and yarn shops; beadery; wool spinners; long arm quilters; and much more. See www.fiberartscenter.com/shophop/ for a full list of participating vendors from Maryland and surrounding states. Admission to the Shop Hop is \$3.00 at the door. All guests receive an entry gift and can look forward to door prizes throughout the evening, and raffle quilts from participating guilds. Food concessions will be available.

On Friday, August 2, from 4pm – 6pm, The Fiber Arts Center of the Eastern Shore (FACES), located at 7 N. Fourth Street in Denton, will host a special reception for its African American Quilters of Baltimore: Each One Teach One exhibit. Members of the AAQB will be on hand to discuss their work. Following the reception, AAQB member and historian, Vera P. Hall, will give a talk about her Civil War Story quilt. The reception and lecture are free, but space is limited so visit www.fiberartscenter.com to reserve your spot. Just prior to the reception, there will be a 3:30pm unveiling of the Stitching Stories of

Freedom Byway Quilt Block: the Cotton Boll. Information about the Byway Quilt Block Trail, a public art project, can be found on www.fiberartscenter.com/quilt-trail/.

On Saturday, August 3rd, fiber art demonstrations will take place at FACES from 10am to 12pm, after which, the public is invited to participate in the FACES Quilt Documentation Project from 12pm – 4pm, where a written and photographic record of their vintage quilts will be documented. Documentation requires about 20-30 minutes per quilt for measuring, photographing, dating fabric, identifying patterns, and

recording the quilt history. FACES will maintain this information in a database in order to preserve the legacy of quilt making, recognize its heritage, and share its story. Every quilt will be given a documentation tag, and quilt owners will be able to access their information on the website via an identification number. Quilt values will not be appraised. Pre-registration is required at www.fiberartscenter.com.

Fiber art classes will be held throughout the three-day event, including Sketching with Threads by Sylvia Snyder; Refresh, Relearn, Retool, Your Knitting Skills by Sue Pilsch; and Felting is Fun by Jackie Mathiason. In addition to the AAQB exhibit, FACES will

host a regional fiber arts sale; and fiber art exhibits at The Foundry, the Museum of Rural Life, and the Central Library will also be on display. Exhibit information and class registration can be found at www.fiberartscenter.com.

The Caroline County Council of Arts is sponsoring this event with funding from the Maryland State Arts Council an agency dedicated to cultivating a vibrant cultural community where the arts thrive. For more information on FiberFest or any of the planned activities, please contact Marina Dowdall at the Caroline County Council of Arts at ccartscouncil@verizon.net or 410-479-1009.

African American Quilters Exhibit

The Fiber Arts Center of the Eastern Shore (FACES) is proud to host an exhibit of works from the African American Quilters of Baltimore (AAQB). The exhibit includes traditional, commemorative, and artistic quilts, and will be on display until August 24, at 7 N. Fourth Street, Denton. Exhibit hours are Thursday through Saturday, 12pm-4pm or by appointment. Details of the exhibit can also be found at www.fiberartscenter.com.

A special reception will be held on Friday, August 2, from 4p.m. – 6pm. Members of the AAQB will be on hand to discuss their work. Following the reception, AAQB member and historian, Vera P. Hall, will give a talk about her Civil War Story quilt. The reception and lecture are free, but space is limited so visit www.fiberartscenter.com to reserve a seat. Just prior to the reception, there will be a 3:30pm unveiling of the Stitching Stories of Freedom Byway Quilt Block: the Cotton Boll. Information about the Byway Quilt Block Trail, a public

art project, can be found on www.fiberartscenter.com/quilt-trail/.

The African-American Quilters of Baltimore was founded in 1989 by three African American quilters seeking the community of other African American quilters. Their primary goal was to offer support and information for African American quilters in an environment of acceptance and welcome. Since that time, the group has grown in size and diversity and includes quilters of all skill levels, from beginners to professionals. In addition, its members participate in projects in schools, libraries and museums in keeping with our “Each One, Teach One” philosophy.”

The Caroline County Council of Arts is sponsoring this exhibit with funding from the Maryland State Arts Council an agency dedicated to cultivating a vibrant cultural community where the arts thrive. For more information about the exhibit or FACES, please contact Marina Dowdall at the Caroline County Council of Arts at ccartscouncil@verizon.net or 410-479-1009

Free Art Event at the Community Garden

On Saturday, July 13, from 2-4 p.m., the Caroline County Council of Arts will host a free art activity as part of the Second Saturday series offered at the Artsway in Denton. Participants will help paint signs and garden markers for the Denton Community Garden. The activity will take place in the Artsway garden area behind the Fiber Arts Center Building at 7 N. Fourth St. in downtown Denton. Parking is available in the municipal parking lot off of Gay Street between 3rd and 4th Streets. If raining, the activity will take

place in the Foundry community arts building at 401 Market St.

Over 40 local, Caroline County artists’ works are now on display at The Foundry, which is open Wednesday through Friday from 10-5p.m., and Saturday from 11-4p.m. Free demonstrations and activities from a variety of artists are held the second Saturday of every month from 2-4 p.m. For more information about the Second Saturday series please contact the CCCA office at (410) 479-1009, or visit www.carolinearts.org.

Attention Settlement Attorneys

Reminder to all settlement attorneys and agencies to please contact the Denton Town Office for fees due to the Town when handling settlements for properties being sold or transferred within the Town limits. There may be water/sewer fees or miscellaneous charges that need to be collected at the time of settlement. This will keep the Town's records up to date and better serve the residents of the Town of Denton. This will also eliminate problems after settlement of any outstanding balances for the new property owner.

Please note: Any property that transfers ownership and the utility fees are not collected at settlement and forwarded to the town that result in the water being turned off for non-payment, the water turn on fee will still be charged. This charged may be passed on to the settlement attorney. Currently the fee to turn water service back on during regular business hours is \$50.00 and after 3:30p.m., the fee is \$100.00. Forms are available to use when requesting information. Any questions, please call the Town of Denton at (410) 479-2050.
