The event is a fun filled day of friendly basketball competition which has middle school children from Caroline, Dorchester, and Talbot Counties integrated together on teams to play. Also during the midway part of the event a person is recognized by the main Municipality Police Departments and being the MLK Jr Image award winner. In 2013 Cpl Hall nominated and presented the award to Joann Fountain for her outstanding work throughout her lifetime to Denton. In 2014 Cpl Hall nominated and presented the award to the Honorable Karen Jenson for her many years of service to the Denton and Caroline County with programs

for the youth. This year Cpl Hall nominated and presented the award to Corporal Marshall Bailey of the Caroline County Sheriff Office for his dedication as a School Resource Officer for Lockerman Middle & North Caroline High School and as well as the head high school basketball coach. ## Work Zone Awareness

According to the National Highway Traffic Safety Administration more than 600 people were killed in highway work-zone crashes across the country in 2012. Speeding in work zones is dangerous and was a factor in more than 35% of these fatal work-zone crashes. The safest thing drivers can do is pay attention when a work zone is up ahead. Drivers need to slow down when they see warning signs, barricades, and orange cones.

Work zone safety is important because work zones present an unfamiliar situation to drivers. Changes in traffic patterns, closed or narrowed lanes, and the presence of construction equipment and personnel can cause challenges for motorists as they travel through work zones. Careful attention should be paid to actions that have the potential

to impact the safety of everyone involved, including drivers and their passengers, workers, and pedestrians. While safe and efficient work zones begin with proper planning, design, and implementation, drivers must be attentive to changing conditions and exercise caution when they approach and travel through a work zone.

National Highway Traffic Safety Administration figures show that approximately 85 – 90% of work zone fatalities are motorists and their occupants. The driver plays a key role in making work zones safer for everyone, especially themselves. Crashes often occur when drivers exceed the work zone speed limit, fail to react to merging lanes or other road conditions, or run into other vehicles or heavy

equipment. In the coming months as construction activity picks up, many sections of our nation's roads will be busy with workers and drivers. By following the rules of the road in work-zones, people will be safer.

### Rules for driving in work zones include:

- Pay attention to signs and other work zone safety devices. Things may change overnight. Normal speed limits may be reduced, traffic lanes may be closed, narrowed, or shifted, and people may be working on or near the road.

- Slow down and be prepared to merge safely when approaching a work zone.

- Avoid rear-end collisions by maintaining a safe distance behind other vehicles. Rear-end collisions account for 30% of work zone crashes.

- Avoid distractions so that you will be better prepared to respond to changing road conditions. Dedicate your full attention to the roadway and avoid changing radio stations or using cell phones and other electronic devices while approaching and driving in a work zone.

- When in a line of traffic, be patient and stay calm. Remember the work zone crew members are working to improve the road and make your future drive better.

- Wear your seatbelt.
- Obey road crew flaggers and pay attention to the signs. They have the same authority as a regulatory sign. Ignore a flagger and you could be cited by a law enforcement officer.

## Proclamation Request Forms

In the last few months the Denton Town office has received a number of requests for proclamation for returning service members to the U.S.

In an effort to streamline requests and obtain correct information, two forms have been created to assist anyone that would like the Council to present a proclamation to someone during one of their meetings.

If you would like to recognize someone with a Town of Denton

proclamation, please visit the Town website at [www.dentonmaryland.com](http://www.dentonmaryland.com) and click on "Town Council and Staff" to the left of the home page. There you will find a form to fill out and return to the Town office.

Once the proclamation request has been received a staff member will contact you with the date the proclamation will be presented. If you have any questions please feel free to contact Lisa at the Denton Town office at 410-479-2050.

## Come Grow With Us March 14

On Saturday, March 14, 2-4pm, there are several activities for the public to enjoy at the Denton Artsway in downtown Denton. These activities are free and open to all ages.

The Denton Community Demonstration Garden offers their "Come Grow with Us" series where the community can participate in a number of community garden efforts to support the community garden. These activities will be offered on the Second Saturday of every month from 2-4 pm at the community garden which is located next to the Town Municipal Parking Lot near Fourth and Gay streets in

downtown Denton. The March activity is making seed starters and bird feeders out of empty toilet paper rolls. Help us create a "bird habitat" by making and placing bird feeders around the community garden. We will also plant seeds for the garden into the seed starters that we make. Participants can take the planted seed starters home for use in their own garden, or they can bring the seedlings back to the April or May Second Saturday program to plant in the community garden. So start saving your toilet paper rolls and join us on March 14 to have some fun at the community garden!
