Exhibiting at the Fiber Arts Center

The Fiber Arts Center of the Eastern Shore invites you to view an extraordinary collection of hand dyed fabrics from Africa to Indonesia. Featured are the wonderful indigo resist-dyed Adire cloths from Nigeria. Their beautiful folk art and religious designs are representative of the 1960's revival of Adire cloth production by the

Yoruba people.

The collection includes Coronation cloths similar to ones at the Smithsonian and the National Museum of African Art. Also on display are beautiful hand dyed fabrics from Indonesia. Come to FACES and experience museum quality fabrics in a personal setting.

Help Keep Grass Clippings Off The Streets

With the grass cutting season upon us it is time to remind residents to not discharge grass on any streets and leave it, as it must be cleaned up immediately.

Storm water control is a big issue all over the state of Maryland. The Town of Denton is becoming a big part of it with the storm water discharging in the Choptank River.

Per Denton Town Code Chapter 76, Section 4, Unlawful activities Paragraph B - No person shall sweep into or deposit in any gutter, drainage swale, street or other public place within the Town the accumulation of litter from any public or private sidewalk or driveway. Persons owning or occupying property shall keep the sidewalk in front of their premises free of litter. Paragraph C - It shall be unlawful for any person or persons to throw, dump, or deposit any trash, junk, or other refuse on any highway, or to perform any act which constitutes a violation of the State of Maryland's Vehicle Laws or Town of Denton laws relative to putting trash, glass and other prohibited substances on highways. The violation for this can be up to \$1,000.00 fine for each infraction or imprisonment for no more than 30 days.

The Town provides a trash service for each home every week. Household garbage and refuse is

getting out of hand with items that should not be collected in the trash on regular pick ups each week. We are in the process of receiving bids for trash pickup for the 2019 budget year starting in July 2018 and are trying, if it fits the budget, to get the proper size cans for each household.

Per Denton Town Code Chapter 64, Section 6, Collection Rules and Regulations. All refuse must be stored and offered for collection in an approved container unless exempted herein. A. Approved refuse containers shall be watertight cans made of metal or heavy-duty rubberized or plastic material, with handles and tight-fitting covers. Cans shall not exceed 32 gallons capacity, and not more than four cans will be permitted for each residential or business unit. B. Residents leasing collection containers and/or "waste wheelers" from the contractor must limit the capacity of all receptacles used to no more than 128 gallons in total. C. No fifty-gallon drums will be permitted for use.

If items are too big for the containers the Town offers special pick up each Wednesday to be picked up by Public Works. We also offer a cardboard/paper pick up on those days for recycling. Please contact the Town office to arrange pick up at 410-479-2050.
