

Ordinance No. 723

AN ORDINANCE BY THE DENTON TOWN COUNCIL REVISING THE WATER METER FEE RATES FOR USERS OF THE MUNICIPAL WATER SYSTEM.

BE IT ORDAINED AND ENACTED BY THE DENTON TOWN COUNCIL that the following rate schedule shall apply to all users of the Denton Municipal Water systems:

A. **Water Capacity Charge:** The following capacity charge shall be assessed and paid as follows:

1. Single Family Residential property.....\$4000.00
2. Multi-Family Residential property
  - a. Efficiency/one bedroom (per unit) .....\$2000.00
  - b. Two or more bedrooms (per unit) .....\$4000.00
3. All Commercial Properties

Capacity Charge shall be determined by using TABLE 1 attached hereto. The Capacity Charge shall be a multiple of the Single-Family Residential Capacity Charge set forth above according to the number of Equivalent Residential Units (ERU) listed in Table 1 for the subject property type. An ERU is established by the Caroline County Health Department.

4. Industrial Properties

Capacity Charge shall be determined by using TABLE 2 attached hereto.

B. **Administrative Charges:**

1. For all properties within the Denton Municipal boundaries, as defined by Ordinance No. 181, payable quarterly

Administrative Fee BASE FEE is \$25.00. An additional \$3.45 will be assessed for each 1,000 gallons.

2. For all properties located outside the Denton Municipal boundaries, as defined by Ordinance No. 181, or on tax waiver, payable quarterly

Administrative Fee BASE FEE is \$50.00. An additional \$6.90 will be assessed for each 1,000 gallons used.

C. **Water Meter Fee:**

1. For all properties tied into the Denton Municipal Water System a **\$10.00** [~~\$4.00~~] per quarter meter fee will be assessed. This will apply to all One inch (1”) or less meters.

2. Properties tied into the Denton municipal water system with meters larger than One inch (1”) will be responsible for the cost of their meter replacement and maintenance. This cost will be based on actual meter purchase price and actual maintenance costs.
3. Properties connecting a One inch (1”) or less service line into the Denton municipal water system will be assessed a onetime fee of [~~\$350~~] **\$600** to cover the cost of the meter and its installation.

D. **Water turn-off fee:** The following turn-off fee shall be assessed and paid as follows:

1. During Regular Town Office Hours .....50.00
2. All Other Hours .....100.00

E. **Calls For Service:** The following fee shall be assessed and paid as follows:

1. During Regular Town Office Hours .....50.00
2. All Other Hours .....100.00

Water rate amendments listed in item C. are to be effective with the billing cycle beginning January 1, 2022, and thereafter. Any Town resolutions or ordinances establishing rates or charges for the above listed services which are in conflict with the above established rates or charges hereby is repealed upon this ordinance’s effective date.

**NOTES:**

- 1) In no event shall the hook-up fee for any connection be less than that established for a single-family residence.
- 2) Any user not explicitly listed above shall be determined on a case-by-case basis in accordance with guidelines then in use by the Maryland Department of Health.
- 3) Multiple uses connecting to one hook-up shall be assessed the appropriate hook-up fee for each use.

## TABLE 2

### Industrial Hookups & Sprinkler System Connections

Domestic Water & Sewer Connection:	
First 40,000 square feet or fraction	\$4,000.00
Plus additional per 20,000 sq ft or fraction beyond 40,000	\$1,000.00
Fire Sprinkler System Connection, Nonresidential	
First 20,000 square feet or fraction	\$1,000.00
Plus additional per 20,000 sq ft or fraction beyond 20,000	\$1,000.00

#### NOTES:

1) The hook-up fees listed for industrial users apply only to the domestic waste portion of the wastewater flow (i.e. toilets, sinks, showers, & bathtubs). Allowance of permits for any industrial use of water or sewer shall be determined on a case-by-case basis. Hook-up fees, if connection is permitted, will be determined based on the quantity of flow and characteristics of the waste determined either by analysis, or projects where analysis is not available on the basis of at least 3 similar industrial plants which employ the same process as the one in question.

2) The sprinkler fee listed above is payable at the time of connection. There will be an additional “availability” charge assessed quarterly along with the billing for system usage.
