Property Tax Credit Information

To help homeowners deal with large assessment increases on their principal residence, state law has established the Homestead Property Tax Credit.

This tax credit limits the increase in taxable assessments each year to a fixed percentage. Every county and municipality in Maryland is required to limit taxable assessment increases to 10% or less. Applying for this credit could reduce your proper-

ty taxes. In order to qualify for this credit you must be the property owner and must be the primary resident who lives there. This application only has to be filled out one time and is good as long as you live there and meet the requirements.

Example: Assume that your old assessment was \$100,000 and that your new phased-in assessment for the 1st year is \$120,000. An in-

crease of 10% would result in an assessment of \$110,000. The difference between \$120,000 and \$110,000 is \$10,000. The tax credit would apply to the taxes due on the \$10,000. If the tax rate was \$1.04 per \$100 of assessed value, the tax credit would be \$104 (\$10,000 ÷ 100 x \$1.04).

For questions about the Homestead Tax Credit, email the Homestead unit at sdat.homestead@maryland.gov or you may telephone 1-866-650-8783.

To help homeowners, the State of MD has a program, Homeowner's Property Tax Credit, which allows credits to be applied to a homeowner's property tax bill if the taxes exceed a fixed percentage of the person's gross income. It sets a limit on the amount of property taxes any homeowner must pay based upon his or her income. A new application must be filled out every year because it is income based. (Applications are available each year in February). In order to be eligible for this credit you

At the May 1, 2025 Denton Town Council meeting, members of the Council presented Chief George Bacorn with a proclamation in honor of National Police Week.

Bike Safety

Bicycle safety is very important. Make sure your child always wears a helmet and that it fits properly.

Check the bike to make sure the brakes, reflectors, and tires are working properly. Adjust the seat to your child's height.

Teach your child to check for traffic before entering a street or intersection by

looking left and right. Explain the rules of the road to your child. Bicycles are considered

vehicles and must obey the same rules as motorists.

Teach proper hand signals for left

At the May 1, 2025 Town Council Meeting, the Council recognized the Department of Public Works with a Proclamation for National Public Works Week, May 18-24, 2025. This annual event gives the Council an opportunity to recognize and

thank the Public Works crew for all they do for the community.

Thank you for all you do!

Comptroller Brooke Lierman Visits Denton Public Works

On April 22, 2025, Maryland Comptroller Brooke Lierman visited Denton.

She visited His Hope Ministries and toured the Wastewater Treatment plant with Superintendent Mark Chandler, Town Administrator Scott Getchell, Councilman Frank Taylor, and staff.

This visit was to help the Comptroller's office understand the funding needs of these Denton organizations and how their office can help.

Denton Public Works has received funding in the past for expansion of the wastewater treatment plant but the funding does

not currently cover sludge removal, and right now that is becoming an issue for the treatment plant.

Having Comptroller Lierman tour the plant and hear about Denton's needs and issues with funding are very helpful. She can take this information back to her office and work with other Maryland Departments to assist not only Denton, but all Maryland wastewater treatment plants.

We would like to thank the Comptroller and her staff for taking time out of their busy schedules to visit Denton and see the needs of the community firsthand.

American Discovery Trail Town

On April 2, 2025, Denton celebrated the designation as the “first” American Discovery Trail “trail town” designation.

Members of the community, State Park Departments, American Discovery Trail Executives, coordinators, and community partners, gathered on a pleasant spring day to receive the designation and sign-

age that will be planted along the trail in Denton.

It’s taken many months to organize and finalize the designation for Denton. Denton is excited to be a part of this national trail. It’s the only East West trail in the USA and goes from Cape Henlopen State Park in Lewes, Delaware to Point Reyes in California.

Joanne Scott New Exhibit at Fiber Arts Center

The Fiber Arts Center Presents Joanne Scott - Inspiration in Fiber.

Joanne Scott is more widely known on a national scale for her visual art - watercolor, acrylics, etchings and lithographs. She had many one woman shows and awards at the Corcoran, Baltimore Museum of Art, and the Walters Art Museum. She is also a published poet.

Joanne had a love of fiber and was an accomplished seamstress, sewing Vogue wool silk lined suits. She was an embroiderer, and knitter. When she bought a summer cottage on Mohegan Island in Maine, she took classes from Robert Semple, a world renown needlepoint artist. He became mentor in needlepoint and colleague in art.

This will be the first time that Joanne's fiber art will be exhibited. A museum piece of Robert Semple's is also included. Many of Joanne's fiber art

pieces were inspired by her visual art pieces. These are displayed side-by-side. Much of the art is done in a needlepoint stitch called libra point, which is a short-long stitch. Examples of Joanne's watercolors, acrylics, etchings and photographs serve as inspirations for her fiber art. They have also inspired her daughter, Victoria, to join in the exhibit with quilting and felting to round out the fiber art experience for the viewer.

Joanne had a very full life. She attended the Boston Museum School, Nantucket School of Art, Rhode Island School of Design, and the Maryland Institute of Art. She was widowed twice with four children and many grand and great grand children. She was an expert sailor having lived on boats and spent much time sailing

must own the property and be your principal residence where you live at least 6 months of the year including July 1.

Homeowners who file and qualify by April 15 will receive the credit directly on their tax bill. Persons who file later, up until the October 1 deadline, will receive any credit due in the form of a revised tax bill. Applicants filing after April 15 are advised not to delay payment of the property tax bill until receipt of the credit if they wish to receive the discount for early payment offered in some subdivisions. A refund check will be issued by the local government if the tax bill was paid before the tax credit was granted. If you have additional questions regarding the Homeowners' Tax Credit, please contact the Department's Homeowners' Tax Credit Program at sd@homeowners.maryland.gov or 410-767-5900.

The Renters' Tax Credit Program provides property tax credits for renters who meet certain requirements.

The plan was modeled after and designed to be similar in principle to the Homeowners' Tax Credit Program. The concept rests on the reasoning that renters indirectly pay property taxes as part of their rent and thus should have some protection, as do homeowners.

The plan is based upon the relationship between rent and income. If the portion of rent attributable to the assumed property taxes exceeds a fixed amount in relation to income, the renter can, under specified conditions, receive a credit of as much as \$1,000. The credit is paid as a direct check from the State of Maryland.

For more information please contact the Department's Renters' Tax Credit Program at sd@renters.maryland.gov or 410-767-5915.

Applications can be filled out online or paper copies printed out. Go to onestop.gov.md and go to the bottom of the page and click on Department of Assessments and Taxation.

National Day of Prayer

On May 1, 2025, Mayor McNinch spoke to a crowd of people attending the National Day of Prayer event on the Caroline County Courthouse Green.

Staff and members of the community came together to take a moment to pray as a community for each other.

The First Continental Congress of 1775 declared

the first Thursday of May to be the National Day of Prayer. The public law established this in 1952. It was later amended by Congress and President Reagan in 1988.

This day allows us to express our faith and exercise our freedom in public prayer.

Special Attention: Any water that is turned off will be assessed this fee to have the water turned back on. Tenants will need to pay this fee before water service is turned back on. (This may not apply for emergency situations pending the nature of the call.)

**\$50.00 fee during normal business hours.
\$100.00 fee after normal business hours.**

IT IS UNLAWFUL TO TAMPER WITH THE TOWN OF DENTON UTILITIES. DOING SO CARRIES UP TO A \$1,000 FINE AND POSSIBLE ARREST. PLEASE CONTACT THE DENTON PUBLIC WORKS DEPT. AT 410-479-2050 IF YOU NEED ASSISTANCE WITH YOUR SERVICE.

Attention Settlement Attorneys

Reminder to all settlement attorneys and agencies to contact the Denton Town Office for fees due to the Town when handling settlements for properties being sold or transferred within the Town limits. There may be water/sewer fees or miscellaneous charges that need to be collected at the time of settlement. This will keep the Town’s records up to date and better serve the residents of the Town of Denton. This will also eliminate problems after settlement of any outstanding balances for the new property owner.

Please note: Any property that transfers ownership, and the utility fees are not collected at settlement and forwarded to the Town that result in the water being turned off for non-payment, the water turn on fee will still be charged. This charge may be passed on to the settlement attorney. Currently, the fee to turn water service back on during regular business hours is \$50.00, and after 3:30 PM, the fee is \$100.00. Forms are available to use when requesting information. Any questions, please call the Town of Denton at 410-479-2050.
